INDIVIDUAL DESIGN / ZE-04

Three Bedroom Duplex

2-storey 3-bedroom home / 1080 sq ft enclosed

A 12 x 45 ft 3-bedroom home with ivory steel and warm timber, two fully stacked equal rectangular floors, black balcony railing, external rear staircase. Two measured floor plans include separate circulation and an external stair allowance.

GRID ARCHITECTURE

ORIGINAL EXTERIOR CONCEPT / CLIENT REFERENCE INSPIRED

12' x 45'

1080 SQ FT ENCLOSED / 2 STOREY

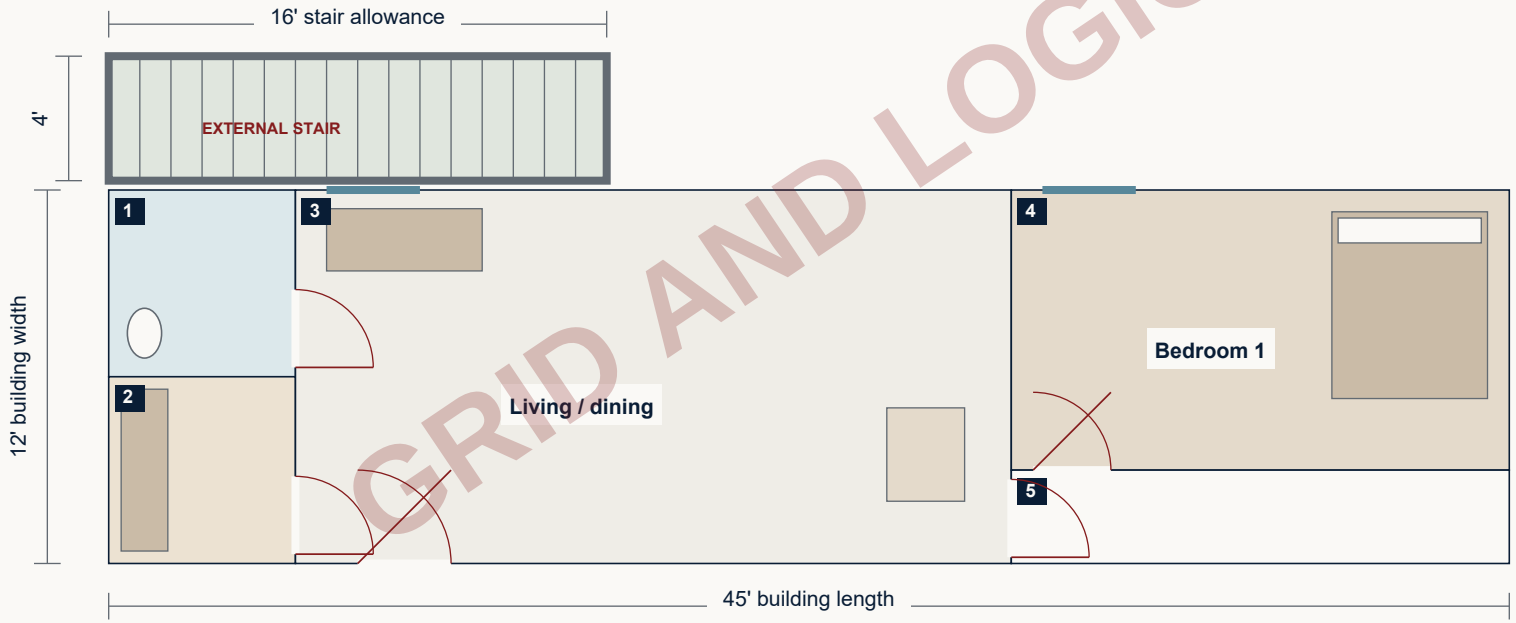

FLOOR PLANS + FOUR EXTERIOR VIEWS

ISLAMABAD / DESIGN COLLECTION 2026

01 / MEASURED SPACE

Ground floor. A distinct layout.

Nominal dimensions in feet. Floor-zone areas exclude wall deductions; furniture and openings are schematic.

GRID AND LOGIC

EXTERNAL STAIR: 4' x 16' ALLOWANCE OUTSIDE FOOTPRINT. Arrival at left-end landing; final rise, run and support design by engineer.

ZONE SCHEDULE / DIMENSIONS IN FEET

01 Bathroom
6' x 6' / 36 sq ft

02 Kitchenette
6' x 6' / 36 sq ft

03 Living / dining
23' x 12' / 276 sq ft

04 Bedroom 1
16' x 9' / 144 sq ft

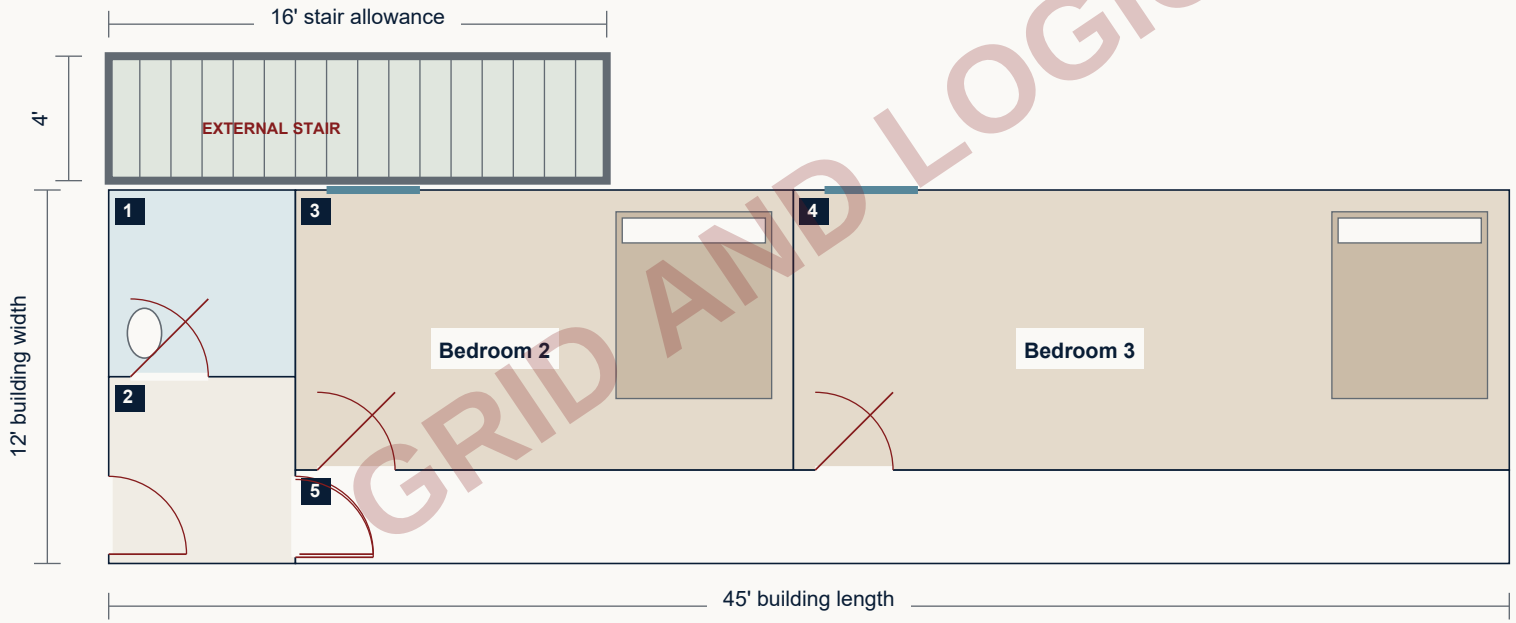

05 Bedroom access
16' x 3' / 48 sq ft

Blue: glazing / Red: indicative doors. Coordinate room access and opening positions in the detailed design.

01 / MEASURED SPACE

Upper floor. A distinct layout.

Nominal dimensions in feet. Floor-zone areas exclude wall deductions; furniture and openings are schematic.

GRID AND LOGIC

EXTERNAL STAIR: 4' x 16' ALLOWANCE OUTSIDE FOOTPRINT. Arrival at left-end landing; final rise, run and support design by engineer.

ZONE SCHEDULE / DIMENSIONS IN FEET

01 Bathroom
6' x 6' / 36 sq ft

02 Landing
6' x 6' / 36 sq ft

03 Bedroom 2
16' x 9' / 144 sq ft

04 Bedroom 3
23' x 9' / 207 sq ft

05 Shared corridor
39' x 3' / 117 sq ft

Blue: glazing / Red: indicative doors. Coordinate room access and opening positions in the detailed design.

02 / EXTERIOR DESIGN

The same design. Every side.

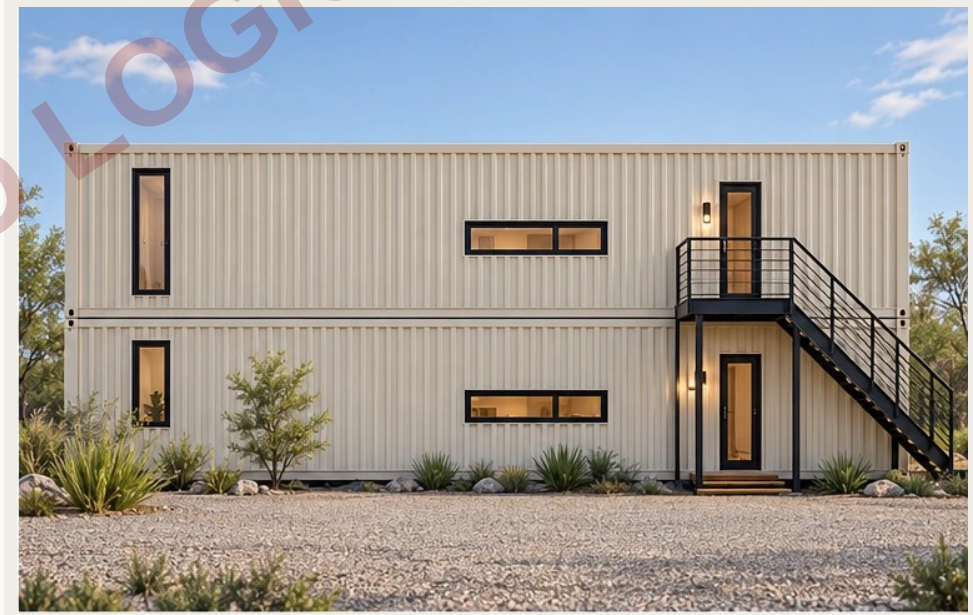

Four original visualizations illustrate this individual concept. Openings and construction details remain schematic.

GRID AND LOGIC

FRONT / ENTRY FACADE

45' nominal span / 2 enclosed storey

REAR / SERVICE FACADE

45' nominal span / 2 enclosed storey

FINISH DIRECTION: Ivory steel and warm timber, two fully stacked equal rectangular floors, black balcony railing, external rear staircase.

Images depict a concept finish. Exact window locations, heights, stairs and roof assemblies are coordinated with the measured layout before fabrication.

02 / EXTERIOR DESIGN

The same design. Every side.

Four original visualizations illustrate this individual concept. Openings and construction details remain schematic.

LEFT / END VIEW

12' nominal span / 2 enclosed storey

RIGHT / END VIEW

12' nominal span / 2 enclosed storey

FINISH DIRECTION: Ivory steel and warm timber, two fully stacked equal rectangular floors, black balcony railing, external rear staircase.

Images depict a concept finish. Exact window locations, heights, stairs and roof assemblies are coordinated with the measured layout before fabrication.

03 / MATERIALS & PROGRAMME

Details for this design.

A defined visual direction and spatial brief for the project quotation.

GRID AND LOGIC

Building	12 x 45 ft footprint; 2 enclosed storey(s); 3 bedroom(s).
Enclosed floor area	540 sq ft per floor / 1080 sq ft total, before wall deductions.
Exterior palette	Ivory steel and warm timber, two fully stacked equal rectangular floors, black balcony railing, external rear staircase.
Roof & outdoor space	Roof profile follows the exterior concept; structure and drainage to be designed.
Structure	Fabricated or joined steel modules; foundation, openings, connections and lifting points engineered for site conditions.
Comfort & finish	Insulated walls and roof; selected internal linings and floor finish; washable wet-area surfaces.
Glazing & doors	Opening schedule coordinated with rooms, privacy, escape and ventilation; safety glass and hardware specified individually.
Electrical & services	Power, lighting, sockets and data developed to suit use. Plumbing, water supply and drainage coordinated with available site services.
Circulation & access	External stair allowance 4 x 16 ft; final rise, run, landing and support design required.
Delivery & installation	Transport route, crane access, supports, anchoring and connections agreed before manufacture.

Concept proposal only. Final engineering, quantities, approvals and price are established for the selected design and site.

05 / MAKE IT YOURS

A clear plan for your next step.

Bring us your site and requirements. We will help develop the layout, scope, and quotation for your project.

GRID AND LOGIC

BEFORE WE DESIGN

01 Intended use and number of occupants

02 City, site access and available footprint

03 Preferred room layout and finish palette

04 Available power, water and drainage

05 Budget range and desired delivery timeline

LET'S BUILD YOUR SPACE.

REFERENCE & DESIGN NOTES

Architecture direction informed by client-assets references, then developed as an original concept. All measurements are nominal feet; wall thicknesses are not deducted. Wider modules require fabricated or joined frames. External stair allowance: 4 x 16 ft, outside the stated footprint; landing, supports and geometry require detailed design. Original drawings in this catalogue are newly authored schematic interpretations, not reproductions of approved engineering drawings.
